Class Specific Policies

Plagiarism policy: All student submissions shall be checked using Turnitin. In case, the similarity score is higher than 20%, such submissions will be marked fail. Although 20% is the maximum limit for similarity index on Turnitin, the final decision on aspects of plagiarism in assignments and reports will be made by the concerned faculty or faculty committee as the case may be.

Class attendance: There is no weightage given for class attendance in the assessment. It is required that students attend 70% of the lectures to be eligible for writing the final exam.

Cheating: Cheating in any form during exams will result in automatic failure of the course. All cases of cheating will be referred to the school disciplinary committee and relevant university policy regarding this will apply.

Lecture recording: All lectures delivered online shall be recorded and provided to the students
